

AGREE TO NAME INDIAN DEFENCE MINISTER

NEW DELHI, India, April 7.—(CP)—Britain has agreed to appoint an Indian as defence minister, Mohammed Ali Jinnah, president of the Muslim League, said today.

Jinnah said this concession was made by the British war cabinet in its reply to Indian criticism of the original British proposal for India's post-war independence.

Nevertheless, despite this offer and renewed efforts by a United States envoy, the leader of the Hindu-all-India Congress Party expressed forthright objections to other phases of the program, and Jinnah said the whole plan probably would fall in general acceptance.

It was learned that the American envoy, Louis Johnson, had been in the White House regarding the Indian situation.

UNDERGROUND ARMY IN ACTION

Wave of Sabotage Hits All Nazi-Occupied Countries

By JOHN A. FARRELL

LONDON, April 7.—(BUP)—An underground army of oppressed peoples in Europe, including Germany and Italy, has started a reign of anti-Axis sabotage, intelligence reports reaching Allied governments claimed today.

The reported wave of sabotage, passive resistance and guerrilla activities, designed to hinder and harass the Axis war plans by hitting at the war-refer-factories and industries, has led to spreading over most of the continent.

Colonel Britton, the radio voice for months has been calling on Europeans to prepare for this battle at the work benches. He has previously given "orders" for the sabotage of the Axis war effort.

TIME FOR 'OFFENSIVE'

The time has come now to break new ground and start more offensive activities, he told his listeners who risk death in German-controlled territory to tune him in.

He said the time has come now to break new ground and start more offensive activities, he told his listeners who risk death in German-controlled territory to tune him in.

Almost immediately, reports claimed, "accidents" began to occur.

Power stations were damaged, communications were broken, train accidents occurred.

Japs Massing Strength Near To Australia

By BRIDON TAYLOR

UNITED NATIONS HEADQUARTERS, April 7.—(BUP)—A warning that Japan is massing strength on the island approaches to Australia was emphasized today in official and press comment designed to offset optimism regarding the defence situation.

There is general agreement that the Australian defences have been vastly improved since the arrival of Gen. Douglas MacArthur's troops, and that the island is now a formidable barrier to Japanese air raid on the continent.

Like on New Guinea, and in the Philippines, the Japanese are believed to be massing strength in the Dutch East Indies and around New Britain Island as well as attempting to push eastward to the island line in the Allied supply line from the East Indies.

Further, they said, there is every reason to believe that the Japanese is massing strength in the Dutch East Indies and around New Britain Island as well as attempting to push eastward to the island line in the Allied supply line from the East Indies.

Further, they said, there is every reason to believe that the Japanese is massing strength in the Dutch East Indies and around New Britain Island as well as attempting to push eastward to the island line in the Allied supply line from the East Indies.

States To Halt Manufacture of Consumer Goods

WASHINGTON, April 7.—(AP)—The war government will curtail durable goods that will be stopped by May 31, Donald M. Nelson, United States war production head, disclosed today.

Declaring that "history will record whether we have moved too fast or too slow," Nelson said the high point of the program would be reached a few days with issuance of orders halting most of the production of durable goods.

He said the program would be reached a few days with issuance of orders halting most of the production of durable goods.

He said the program would be reached a few days with issuance of orders halting most of the production of durable goods.

Paper Attacks Great Britain's Political Truce

LONDON, April 7.—(CP)—Lord Beaverbrook's Evening Standard has attacked the political truce under which Britain's major political parties have been avoiding conflict in parliament.

Under the heading "Estate M.P." the Standard said editorially yesterday that "a virile parliament between the two main parties of the present day is the only free and independent institution."

The editorial was followed by a letter which said that the "Estate M.P." was a "virile parliament between the two main parties of the present day is the only free and independent institution."

New Democracy Caucus in City

Social Credit's New Democracy M.P.'s will open a two-day caucus at the legislative building at 10 p.m. Wednesday, it was learned.

M.P. for Macleod, has already arrived in Edmonton to meet with members of the caucus, including J. H. Blackmore, M.P. for Lethbridge and house leader for the group.

The caucus is expected to discuss plans for the municipal election, April 27, and the reopening of the House of Commons, April 30.

Federal members are expected to confer with Premier William Abernethy.

Brazilian Steamer Has Disappeared

RIO DE JANEIRO, April 7.—(AP)—The Brazilian foreign ministry announced today the disappearance of the 3,357-ton Brazilian freighter Cabedelo, which sailed from Philadelphia Feb. 14 for Brazil and has been unreported since.

BEING PREPARED

Canucks Taught Raiding Tactics

By FRANCIS H. FISHER

CANADIAN ARMY HEADQUARTERS IN THE BRITISH ISLES, April 7.—(BUP)—The creation of a Canadian army in Britain does not mean any sudden influx of fresh Canadian troops but rather a continual building-up of the forces for defensive and offensive operations, Lt. Gen. A. G. L. McNaughton stated today at a press conference.

McNaughton revealed that Canadians are in training for a range of operations, probably on the European continent.

"Patrol and raiding activity is part of the training which is normal business for the army to get into," he said.

Discussing Canada's wartime industrial production, McNaughton stated that Canada is producing equipment and supplies for the Allied forces.

Madras Has Its First Air Raid Alert

By The Canadian Press

Madras had its first air raid warning today but no bombs were dropped and the all clear signal was sounded an hour later. No planes appeared over the great East Indian port.

In the early yesterday on Vizagapatnam, 400 miles north of Madras, on the east coast, more than 100 Japanese planes took part in the civil defense department of the Madras presidency said.

Only half a dozen were in the air at Coimbatore.

The damage at Vizagapatnam, site of a British naval base, was slight. In recent months, the city has been hit by a number of planes were available to raid the Indian mainland.

At Colombo, Ceylon, where 27 Japanese planes were reported destroyed, 30 others damaged the day before.

The British headquarters announced that British and Indian troops again had fallen back to new positions after the Japanese had been driven back.

Farmers Likely To Be On Land Within 10 Days

Providing weather conditions are favorable, it is expected many Alberta farmers will be on the land within the next 10 days, according to the provincial department of agriculture.

Immediate start on farming operations is planned in some areas, and the Bremer district alone farmers have already started work early in the month when they were forced to suspend operation due to the week-end snowstorm.

The department of agriculture points out that the blanket of snow will improve the moisture situation, as there is little frost in the ground and the moisture will be quickly absorbed when the snow thaws.

Referring to the seed situation, O. S. Longman, field crops commissioner, said Tuesday there appeared supplies of seed on hand.

Demanded for coarse grain and feed will likely be higher this year owing to the fact the department of agriculture is urging the raising of increased acreage to these grains.

This policy is being advocated due to the existing high carry-over of the Indian states were omitted, raise a larger crop for livestock feeding purposes as a substitute for wheat.

As edible oil is more in demand owing to a reduction in supplies due to the war, production of flax is being urged.

It is expected there will be an increase in the seeding of oats and barley for livestock feed. In this connection, the department of agriculture has been able to provide 60,000 bushels available for sale to farmers at market prices.

DOLLAR DAILY

Speakers Urge Bet on Treatment of Elderly Residents

Old Age Pensioners Face \$10 Days Monthly On Barely Bread, Water

Many old age pensioners literally have to live the last 10 days of each month on bread and water, Gerald V. Pelton, K.C., Vancouver, B.C., told a capacity audience of pensioners at their regular monthly meeting in the I.O.O.F. hall, 103 street, Monday night.

Mr. Pelton was introduced by Edward C. Fisher, president of the Alberta Pensioners' Society Incorporated, as the "apostle for the cause of old age pensions in the west."

The meeting was also addressed by Mrs. Edith Gossie, ex-M.P.A., who spoke on "The Myth of Gold," and his misapprehension to the pensioners. Mr. Fisher was chairman of the meeting. Mrs. Pelton, wife of the speaker, told the group in community language.

At further entertainment Dr. J. W. MacQueen recited a poem entitled "The First King."

"DOLLAR A DAY"

Mr. Pelton quoted numerous instances of the weakness of the national pension scheme. It is operated at the present time. He outlined the history of the pension movement in British Columbia and the progress of the pensioners during the past seven years under the slogan, "Dollar A Day at 65."

Mr. Pelton said emphatically that even at a dollar a day the pension is inadequate, but such an amount could be asked for without fear or criticism or opposition from any angle.

A man in jail or on any other restriction is maintained for less than a dollar a day, and pensioners are receiving less than that, Mr. Pelton said.

Mr. Pelton said that pensioners are receiving less than a dollar a day, and pensioners are receiving less than that, Mr. Pelton said.

Apprehension Over Vichy's Role Grows in London

BY DREW MIDDLETON

LONDON, April 7.—(AP)—Apprehension over the part the Vichy government will play in the momentous events of this year is growing here. The view of the emergence of Pierre Laval from the shadows, the transfer of the French battleship Dunkerque from Algiers to Toulon and the outstanding strategic importance of Madagascar are the subjects for speculation of the Indian ocean.

The reappearance of Laval, former vice-premier in the Vichy government, is being "omnibus" by qualified sources. It is asserted the Germans chose him to give Vichy for surrender of all or part of the French fleet to German control.

The reappearance of Laval, former vice-premier in the Vichy government, is being "omnibus" by qualified sources. It is asserted the Germans chose him to give Vichy for surrender of all or part of the French fleet to German control.

The reappearance of Laval, former vice-premier in the Vichy government, is being "omnibus" by qualified sources. It is asserted the Germans chose him to give Vichy for surrender of all or part of the French fleet to German control.

Laval's hand is said to be strengthened in this aim by a new factor—a growing agitation in the German army for direct control of all France by the Germans. This agitation is especially marked in that part of the army concentrated in occupied France and commanded by Gen. Otto Von Stuebeling. It is feared.

POSITION STRONGER

Marshal Petain and Laval conferred recently in and near Vichy and an official announcement indicating they had reviewed the question of collaboration with Germany. However, advisers reaching frontier diplomatic quarters in Bern, Switzerland, last Friday said Petain had declined to take Laval back into his cabinet from which Laval was ousted in December, 1940.

Vichy was said to be fully conscious of the feeling of the German army and the German navy.

At the worst Germany will assume control of the French fleet through pressure on Vichy, they said.

30 Killed When Captured Italian Munitions Blow Up

CAIRO, April 7.—(AP)—Thirty people, including eight British soldiers, were killed Sunday by an explosion of captured Italian munitions on a lighter wharf near the Suez canal. It was disclosed today.

Eighty Egyptian workers were injured. Buildings nearby were damaged. It was said.

The ammunition was being unloaded from a captured Italian supply ship.

Shipbuilding Work Is Near Standstill

QUEBEC, April 7.—(CP)—Shipbuilding work in Quebec remained almost at a standstill today in the Davis shipyard, which closed down Saturday after workers complained about the enforcement of a new wage scale. Construction of naval and merchant ships was held up.

Spokesmen of the company's 2,500 employees agreed at a meeting late last night to return to work on the morning shift, but officials said only 120 men clocked in this morning.

Class occupations—bookkeepers, clerks, stenographers, typists, etc.—were held up.

The question being asked is why demoralize ten occupations in order to get a few more workers to work with any occupation?

The question being asked is why demoralize ten occupations in order to get a few more workers to work with any occupation?

New Captures Are Reported By Russ Army

KUYSHEV, U.S.S.R., April 7.—(AP)—Thirty German-occupied communities and a large railway station have fallen before fierce Red Army attacks in the last six days in the sector of the western front, military dispatches reported today.

Intensified aerial warfare was reported to have cost the Germans 415 planes in the eight days from March 28 through April 5 while Red forces were held to 84.

Soviet forces and gunners destroyed 110 German aircraft, 100 tanks and 100 armored cars, and 100 trucks.

The bureau's figures indicated aerial action of a scope unparalleled in the days of the German invasion. In such detail, however, as the major combat areas and the proportion of losses, the bureau was not so specific.

Red army men were officially declared to have killed 2,500 German soldiers in the days of the German invasion. In such detail, however, as the major combat areas and the proportion of losses, the bureau was not so specific.

Madras Has Its First Air Raid Alarm

Continued from Page One

Producing section of Madras after demolishing oil installations at Thayemayo and Alannayo.

40-MILE WITHDRAWAL

This included a British withdrawal of at least 40 miles, since Thayemayo is 40 miles north of Madras, the former right flank of the British-Chinese defense line in central Burma. Alannayo is just north across the Irrawaddy river from Thayemayo, about 25 miles from the Indian frontier.

The British announced the progress of taking up their new positions which are now north of Thayemayo, the British communiqué said.

Final capitulation of the Allied forces in the British-Chinese defense line in central Burma. Alannayo is just north across the Irrawaddy river from Thayemayo, about 25 miles from the Indian frontier.

Looking Over

JACK KELLY

APPROXIMATELY 197 phone calls came into the Edmonton Bulletin hockey game and approximately 160 citizens hung out with exclamations of dismay that ranged from guttural growls to soprano shrieks when they learned the final score was 13-3 for Portage.

The 37 callers were apparently too dumbly to say anything—they simply hung in silence, wondering the receiver slowly to the hook like a man down his brother informs him he has just lost his shirt and that his last pair of pants are needed immediately as collateral.

It would take a mighty hardy optimist to see much hope for the Maple Leafs after last night's game. It wouldn't be impossible, however, for the Leafs to come back and win a game and maybe make the remaining contests much closer affairs. Teams can have terrible off-days in hockey and come back—but the trick is rarely pulled off in championship series.

Maple Leafs have nothing to be ashamed of. They already have gone farther down the junior playoff trail than the majority of first here expected them to. When a team has to play all season on an open rink and is held up by thiaws and storms, the cards are stacked against it.

What's The Use, Adolf?

I were Adolf Hitler, I'd feel pretty discouraged today about the future of the current war—especially about the prospects of taking Malta.

On Sunday, Reuters News Agency in London reported the following frantic cable from Malta:

"Please repeat Saturday's football results. Heavy bombing interfered with our reception."

Now I ask you, what can you do with such people? Here Adolf Luftwaffe has been hammering Malta with its super-special, triple-strength blitz for months on end—and the folks there are all worrying about how the soccer game came out back in England and Scotland.

There really isn't anything you can say about such people—you just have to marvel at them in silence.

First Steps In Democracy

YESTERDAY in Calgary the Alberta Teachers' Association met in convention. Its curriculum revision committee brought in a report which declared that democracy could be taught in schools, but that the traditional system of curricula is inadequate in this respect.

When a curriculum is being planned to do more toward implanting the ideas of democracy in young people, organized sports should be given a lot more attention than they have in the past.

Team games develop a deep respect for the rules of the game and fair play—the foundation of democracy. No boy brought up on a regular routine of such games will ever get the idea that might makes right. Every citizen and nation that has not tumbled to that doctrine of might were men and women who were not evicted on such sports as basketball, football, soccer, basketball and hockey. Check back for yourself if you doubt this.

The principles of democracy must of course be laid down and expounded in the classroom, but the best way to fine-tune working laboratory to demonstrate them in their in school sports.

Let the youngsters form their own sports associations and carry it on with guidance coming in the form of suggestions. It will impress on them the need for making a careful choice of leaders and co-operating with each other in order to get the maximum good for all.

It is best if such sports association sponsors a number of different teams, each team a little organization of its own, but under the general authority of the school-wide association. This will bring conflicts of interests and rows which must be settled by the presentation of both sides of the question and the decision of the majority.

I submit that when youngsters have learned to govern themselves this way, they are well along the road to real democracy.

Sport is particularly valuable in this respect since it is the one thing that youngsters are keenly enough interested in to give their best effort and effort. Literary societies, mock parliaments and mock trials never get the same genuine interest and fire out of kids that comes from any argument as to who wins the football game. In the school treasury should be used to buy a football, basketball or a catching outfit for the baseball team.

Edmontonians In Spotlight

Vancouver Girls Win 43-20 Against Winnipeg Hoopsters

WINNIPEG, April 7.—(CP)—Experience spelled the difference between Vancouver and Winnipeg Hoopsters. Vancouver girls won 43-20 Monday night as the worst coast champions scored a 43-20 triumph in the first game of a three-of-five series for the western Canada women's basketball championship.

Cool and collected, the Redmonds stole a show of the young.

PLEASE SAVE THE BOTTLE! Help Canada win the War! Glass is sorely needed. Save all bottles and glassware and have your Salvage Committee collect. Thank you.

TERRIERS START BLITZ IN SECOND PERIOD

Portage Juniors Swamp Maple Leafs 13-3

BULLETIN For Third Time

Jack McDonald, husky winger for Terrifiers, was high scorer in the goal-packed victory with four goals. Bill Gooden ran him a close second with three tallies. Joe Bell and Bobby Love with two each. Wally Stefaniek and Lin Bred scored the Portage 13-3.

Russ Klecko, Johnny Black and Michael scored for Edmonton. Doug Stevenson in the Edmonton cage, although 13 counters went past him played brilliantly. He saves at times, phenomenal, especially in the first period when he stopped point-blank shots from successive drives by Terrifier forwards.

Seven penalties were handed out by the officials during the entire contest, the last two being majors meted out to Lin Bred and Johnny Black for their display of fouls.

Edmonton's rearguard, after playing a steady game in the first period, collapsed at the five-minute mark of the second and the high-scoring Terrifiers took advantage with ease to blast shots at Stevenson. Terrifier defence of Bill Bred and Richie shot from close in, the die bouncing off Stevenson's pads to Love, who winded the rubber in the right hand corner of the goal.

Stevenson Plays Brilliant Game

WINNIPEG, April 7.—(CP)—Portage la Prairie Terrifiers, Manitoba contenders in the Memorial Cup playdowns, unleashed a flashy offensive Monday night to defeat Edmonton Maple Leafs, Alberta champions 13-3 in the first game of the best-of-five western Canada junior final.

Playing before a capacity crowd of 5,000 fans, the score at the end of the first period was 2-1 in favor of Edmonton. Portage made it 5-2 at the end of the second and then skated off with their 13-3 victory.

All goals in the series will be played in Winnipeg. The teams met again Wednesday night.

Jack McDonald, husky winger for Terrifiers, was high scorer in the goal-packed victory with four goals. Bill Gooden ran him a close second with three tallies. Joe Bell and Bobby Love with two each. Wally Stefaniek and Lin Bred scored the Portage 13-3.

Russ Klecko, Johnny Black and Michael scored for Edmonton. Doug Stevenson in the Edmonton cage, although 13 counters went past him played brilliantly. He saves at times, phenomenal, especially in the first period when he stopped point-blank shots from successive drives by Terrifier forwards.

New Club Enters Softball League

A three team senior girls league will open on the Kingsway softball park early in May. A new entry this season will be the Walk-rite All-Stars and the Terrifiers 13th goal.

Harold Olding's Buffaloes will be in there again this season with about the same lineup as usual. Dave Hellingworth's Army and Navy Pats will consist of about the same players who copied him the provincial title last year.

Murray Saldman is the coach and manager of the Walk-rite All-Stars and he expects to have a team worthy of the keen competition displayed in recent years. This is Mr. Saldman's first venture in Ladies ball, last year he coached the Podrick's Furniture, junior men's team to the provincial championship.

All girls wishing to try out with the All-Stars should get in touch with Murray Saldman by phoning 2842. Practices will start just as soon as weather permits.

NEW Cream Stops Under-arm Odor

...prevents perspiration stains.

Already the LARGEST SELLER to Prevent Under-arm Odor

1. A BETTER way to prevent under arm odor and perspiration stains.

2. Saves shirts from red caused by underarm perspiration.

3. Takes but half a minute.

4. A greasy cream which disappears at once.

5. And has been awarded the Approval Seal of the American Institute of Laundering for being harmless to fabric.

More and more MEN run Arrid every day... try it.

ARRID

29¢ a tin. At drug stores and health food stores.

Don't Enjoy the Quality \$3.00

Got An "Oscar" Burns Company Reports Peak Sales Record

With the highest sales record in the company's history, Burns & Co. Limited showed a profit of \$7,421.11 in the fiscal year 1941, as compared with a loss of \$18,214.58 in the previous year, according to the annual report of the company which has just been issued to shareholders. The fourth annual meeting of the company is called for April 23 at the head office of the company in Calgary.

The statement indicates the profit follows full provision for loss interest, depreciation at standard rates and estimated income tax, and it also stated that the sinking fund installment due Jan. 1, 1940, was paid.

It is pointed out in the report that the acquisition of Dumars Limited, a packing company of Regina, has reflected a gain of \$1,000,000 in the company's position of Burns & Co. Limited, which is now \$2,000,000, as compared with \$1,000,000 a year ago. At the close of the fiscal year the report shows total assets were \$5,317,808.12, a substantial increase over \$4,182,854 in 1940.

At the annual meeting, which was held at the Hotel Macdonald, the following figures were reported: \$5,317,808.12, a substantial increase over \$4,182,854 in 1940.

EDMONTON, ALBERTA—TUESDAY, APRIL 7, 1942 PAGE NINE

METROPOLITAN, GARNEAU GO SEPARATE WAYS South Side Churches Decide Against Amalgamation

Northern Alberta Residents Bought \$9,264,200 Worth Victory Bonds

Northern Alberta citizens purchased \$9,264,200 worth of second Victory loan bonds during the nationwide campaign, Feb. 18 to March 6, according to final figures released Tuesday by H. M. E. Evans, provincial vice-chairman of the national war finance committee, in charge of the campaign for Northern Alberta.

Mr. Evans gave out the figures after spending the last month adjusting figures for the number of new returns that were late coming in from outlying communities.

The total figure constitutes 16.9 percent of the original quota for Northern Alberta set at \$57,000,000, raised by \$3,000 purchases, 16,800 in the 34 rural units and 17,520 in Edmonton.

Visits Home Here

The number of purchases is well over double the number of subscribers in the 1941 loans and would add to about one purchaser out of every 12 persons, Mr. Evans stated.

The city of Edmonton raised \$8,511,850 of the gross total and the 34 rural units raised \$1,000,000. The total raised 18.9 per cent of the original objective and the rural units went over to the extent of 16.9 per cent.

A large part of the credit for the increase in the number of purchasers, and resulting increase in the amount of sales, is due to the fact that the Empire campaign under the chairmanship of Hugh E. Pearson, Mr. Evans said, this committee was responsible for 86.3 sales in the city of Edmonton, and only 6,000 purchases in the whole campaign in 1941 and this committee alone exceeded that number by about 50 per cent this year, Mr. Evans stated.

Warning Given Drivers About New Licenses

Motorists who are still operating cars with old license plates will be checked up immediately and there is a probability that police prosecutions will be taken unless new licenses are obtained immediately. It was stated by provincial government officials Tuesday.

Approximately 200 plates were found at the provincial secretary's office in the Administration Building Tuesday morning. Many applications for licenses were received from rural points. Officials point out that new licenses have been available since March 1 and there was no excuse for motorists who are operating cars now without new licenses.

Cosmopolitan Club Talks Convention

The advisability of holding the annual convention of the western federation of Cosmopolitan clubs was discussed at the regular luncheon meeting of the Edmonton Cosmopolitan club, at the Corona hotel, on Tuesday.

W. A. White, club president, led the discussion by explaining that even though the international convention has been cancelled due to war restrictions, he felt that a convention of western organizations would be hampered.

The convention is scheduled for Saskatoon in the early fall and clubs from Manitoba, Saskatchewan and Alberta are to be represented.

The Inquiring Reporter

THE QUESTION
Across the Atlantic in six hours and 40 minutes. Do you think that travel will be by airplane after the war?

THE ANSWERS
JAMES ALLEN, telephone line worker: Yes, I feel sure that most people will use the airplane to get from one place to another. Particularly do I believe it will be after 1945.

JOAN EGGEN, school girl: The airplane will be the chief means of travel in a few years. The war will result in planes becoming almost foolproof and perfectly safe.

Set. McNiven, school teacher: Every one will travel by plane after the war. There are so many factors indicating this condition. Planes will be plentiful and cheap. There will be thousands of skilled pilots and navigators. People will be more air-minded than ever.

Portuguese-speaking Brazil covers about three-sevenths of South America.

Hun Howitzers Will Backfire On Aggressors

Five guns which the Germans during the last war, will shortly "boom" back against the Hun and his cohorts and satellites.

Prizes of war and for many years mounted in front of the Canadian Legion Memorial Hall on Macdonnell drive, the guns arrived, on Tuesday morning, their journey to positions against the enemy. They will be "strapped" and will presently become composite parts of new and modernized artillery for use in the Allied cause.

Presentation was made by Mayor John W. Fry to Jack Weber, president of the Junior Chamber of Commerce, and chairman of the local drive, and Jim Layton, secretary-manager of the chamber.

Back Home

Special committee of Metropolitan United church will meet in the near future to make plans for the construction of a building to meet its own needs.

Rev. R. McElroy, minister of Metropolitan United church, was in New York City, acting as chairman, and Rev. J. Berry presided during the discussion of the pastorate of the joint churches.

W. H. Langman was secretary, and Dr. E. H. Moss presented the report of the committee.

Low Is Attending Teachers' Meeting

Representing the provincial government, Hon. Solon E. Low, provincial treasurer, has left for Calgary to attend the annual convention of the Alberta Teachers' Association, being held there at the present time.

Other government officials who are attending the convention include Dr. G. Fred McCall, deputy minister of education, and Dr. H. C. Wood, supervisor of schools for the province.

Scots Turn German Raid

Nazi Bomb Starts Ancient Cheer Flinging

The stout-hearted residents of Edinburgh enjoyed a second round of celebration last winter and the drinks were on Hitler, so as to speak.

And the occasion provided one of the few light spots in what is a grim and gloomy time.

Jack MacMillan of the 14th Army Tank Bn., who returned recently from the front, was the guest of honor at the celebration.

A host of German raiders, bearded and armed, were seen in the streets of Edinburgh on Tuesday night. It was the first time since the outbreak of the war that the city has been so heavily bombed.

Court Levies Fine

Illegal Sale Case

Charged with illegal sale of liquor, Mah Tany Chue, 1021 1/2 St. N., was fined \$100 and costs by the court on Tuesday.

Three months, when he appeared before Police Magistrate A. J. Miller, K.C., on Tuesday.

Two other men were laid against the accused, but no action was taken. After Tany Chue, alias "Big Mac," was fined, the court levied a fine of \$100 and costs for illegal sale of liquor. Prosecutor C. G. Peckham called "Sue Shang Hai" as a witness.

The third charge of attempting to stupefy a woman by giving her intoxicating liquor was dismissed, after evidence given by Beti Demond, the alleged victim, was insufficient to prove the case.

Getting Around

with Jack DeLong

Emily Post, tradition, pomp and circumstance, and a few other old-fashioned things are being thrown out of the window. And newspaper editors and writers are no exception.

Young ladies who require the important happenings in the social world usually write a few prettier account of what they see than they would if they had all their own way about things.

But recently down in Oklahoma a newspaper published the kind of society item it has been itching for years to carry.

The paper was owned by Juanita Cooper, who was married to P. L. Wilson, Regent of the U.S. Army. With accurate knowledge of the thickness of the skins involved in the making of the contract, the paper ran a two-column item of the society item.

Both Congregations Fail Vote Necessary Majority For Fusion

Proposal for amalgamation of Metropolitan and Garneau United churches, as a united congregation under one roof, was rejected at a meeting Monday night, because of the inadvisability of constructing a larger and more costly building in war-time.

Special committee of Metropolitan United church will meet in the near future to make plans for the construction of a building to meet its own needs.

Rev. R. McElroy, minister of Metropolitan United church, was in New York City, acting as chairman, and Rev. J. Berry presided during the discussion of the pastorate of the joint churches.

W. H. Langman was secretary, and Dr. E. H. Moss presented the report of the committee.

Many Varieties Canines Shown Annual Display

Dogs of all breeds, sizes and shapes created a hue and cry in the Memorial hall, Tuesday, as they participated in the annual dog show to be conducted by the Lord Mayor's Club of Edmonton.

All funds raised, including \$350 proceeds of the dog fight conducted in connection with the show, will be used to provide clothing for the needy, and to help the children of 12, in bonded-area out of 12.

Registered in the show are 125 dogs, chiefly from Edmonton but including dogs from as far as San Francisco, and several points in Saskatchewan, Manitoba and British Columbia.

Judging of all entries, by Harry Saunders, Calgary, provincial director of the Canadian Kennel Club, will be completed Tuesday night.

The Stock Club is taking over the annual dog show, and the vote is undoubtedly influenced by the feeling that the kind of man that is present, war situation made the plans for the larger and more costly building inadvisable at present.

Gets Three Months In Supreme Court

Pleading guilty to uttering forged documents, Gregory and failing to account for \$3,583.32, property of the city, was sentenced to three months in the Supreme Court by Justice G. B. O'Connor.

Plea for leniency was made by accused's counsel, A. T. McLean, who asked for suspended sentence. He stated that the accused had joined the active service forces and would shortly be posted to overseas service. Mr. McLean stated that the accused had given every assistance to the prosecution in its investigation of the case.

He said the accused had benefited little from the imprisonment, the majority of the amount going in bad debts incurred in an effort to keep up sales volume in the territory.

Many Cases Face City Police Court

A heavy and varied docket greeted Police Magistrate J. Miller, K.C., Tuesday morning after a long holiday.

Included in the list were two celebrated burglars who were fined the usual \$30 and costs or 30 days for over-indulgence during the Easter week-end.

Ivan Newman was fined \$6 and costs for driving from Vancouver to Edmonton without purchasing his fare.

William Pezzy, Penn. Alberta, was remanded for hearing on the next sitting of the supreme court when he appeared on a charge of attempted kidnapping of a child. He was adjourned to give time for obtaining evidence and witnesses.

Westmount Honors Soldier Teacher

Maj. D. A. Petrie was the guest of honor at a gathering at Westmount High School, recently, in honor of his services as a soldier and teacher.

He was welcomed by former staff associates and pupils. Major Petrie recently returned from the front, where he has been serving with the 1st Battalion, Edmonton Regiment.

He addressed the school pupils, relating many interesting happenings of British in war time.

After the assembly, Major and Mrs. Petrie were entertained at tea by members of the staff.

Fear Tot Drowned

OTTAWA, Feb. 7.—(CP)—Hope for any child of 2½-year-old, Jeanie Taylor, diminished today as reports poured in that further developments in the search for the missing youngster who disappeared from his Ottawa home last Wednesday.

Police said it is feared the boy, only son of Pte. and Mrs. Donald Taylor of Ottawa, was drowned.

Birdmen Up In Air Over Inability To Obtain Housing Accommodation

Married Royal Canadian Air Force officers, stationed in Edmonton are becoming desperate over the inability to secure housing for their families. It was revealed.

With a minimum deposit, three training stations and a recruiting center here, officers at all three of these establishments number in the hundreds. Many of them are married and have children.

Although reluctant to have their names published, because of service regulations, many of the officers expressed strong resentment over what they charged was "an insult" to the services in the attitude of a majority of landlords with homes for rent.

A flying officer, who has been in the city since October and has been unable to obtain a house, despite constant effort, expressed in wrath as follows:

"You would almost think house owners in Edmonton were the German or Japanese methods of requisition from the attitude they take toward renting houses."

"First of all they ask you if you have children. Many will refuse to rent a house for what reason, also. But when you tell them you are in the air force, they turn you down flat at the time."

Another officer said he could rent some place if he would sign a one-year lease.

"This means that we must guarantee the landlord \$500 to \$600, no matter what happens to us as tenants during the year. It is certainly unworkable."

A third officer suggested that some of the service clubs take up the problem with the landlords, and give some form of rental exchange among service men stationed in the city who have families.

The excuse generally given for refusing to rent officers' homes is that they are apt to be transferred at any time without warning.

"The chances of this happening are not nearly so great as it is made out and in any case there is always another service man only too ready to take the vacated house," it was explained.

It was further explained that officers are usually forbidden to incur debts. Landlords are in no danger of not receiving rentals promptly. It was stated.

The officer who suggested establishment of a rental exchange bureau for married service men explained that all men needing houses might register on arrival here and a staff could institute a system of placements on a basis of priorities. It was stated that the situation is serious.

MacArthur's At Corregidor

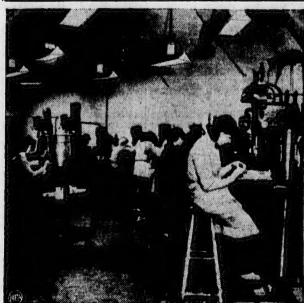

Just arrived in this country is this photo of smiling General and Mrs. Douglas MacArthur. Taken after the outbreak of war, it shows them emerging from the officers' mess in the Corregidor fortress, which Japs are now subjecting to 'round-the-clock bombing.

He REALLY Saves Rubber

Gilbert Koney, Santa Monica, Calif., aircraft worker, thinks even a bicycle uses too much rubber. He built himself a unicycle and this is how he looks pedaling to work every morning.

Britain's Warplane Factories Built Underground For Safety

Rugged walls of rock guard these British war workers from bombs as they make aircraft parts in a "factory" 60 feet underground. Women workers above are shown busy in machine section of one of the factories built in abandoned quarries. Girls at left are bagging the plane parts in a cave-like storeroom.

Thundering Guns Blast Targets 17 Miles Away

Sides are calm but there's thunder on the ground at Fort Bragg, N.C., as these 155-mm. rifles — the U.S. Army's biggest — send shells hurtling toward targets 17 miles away. Running gunner at left has just pulled lanyard to fire foreground gun while his crew crouches at right, some holding their ears. Gun crew in background races to reload their weapon.

Damaged But Not Downed In Channel Battle

Canadian-Manned Hampden Bomber Flouts Enemy Fire To Blast Gneisenau-Scharnhorst Convoy

This battle-scarred Hampden of an R.C.A.F. bomber squadron overseas is one of the aircraft which flouted the fire of enemy destroyers, flagships and aircraft to give the Scharnhorst-Gneisenau convoy such a pounding as will keep these battleships in repair docks for some time. The Canadians examining the damage to their aircraft are (from left to right), Squadron Leader A. C. P. Clayton, D.F.C., Vancouver; Pilot Officer W. L. Reinhart, D.F.M., Stratford, Ont., and Cpl. H. H. Kite, Brantford, Ont., a member of the ground crew.

Keeping pace with the rest of the world, Turkey's armed force is far advanced in mechanization. Above, grim-visaged motorcyclist participates in manoeuvres.

Hey, Hayes!

Just as a little matter of diversion, the quite-something Margaret Hayes teeters on the edge of a Hollywood swimming pool. She is quite a figure in the movies.

New Service Starts

Yukon Southern Air Transport, division of the Canadian Pacific Air Lines, on April 1 inaugurated a schedule of six trips weekly out of Vancouver via Port St. John to Whitehorse, Yukon, to connect at Whitehorse for Alaska. The new schedule, which is double the former service, connects at Vancouver with United Air Lines from Seattle and south, and at Whitehorse with Pan-American for Fairbanks and the Alaska interior. In the above photo as the Canadian Pacific plane took off from Vancouver to inaugurate the new-daily-except-Friday service are, left to right: Chief Pilot Sheldon Luck, Mrs. Margaret Shirts of Tanacross, Alaska, T. C. Richards, whose father operates the famous Whitehorse Inn at Whitehorse, Yukon, and Miss Edna Young, stewardess.

TIE, BAYONET SOLDIERS

Japs Commit Atrocities
Against Aussie Captives

SYDNEY, Australia, April 7.—(CP)—Charges the Japanese killed their captives in blood on the islands of New Guinea and New Britain were made today in a statement issued officially at Port Moresby.

Army Minister Francis Forde said he had asked that the report be forwarded to him by senior Australian officers.

The statement told the story of three Australian servicemen who said they were the only survivors of a group of 10 officers and men trapped on New Britain after the fall of Rabaul.

The others, with their hands tied behind their backs, were shot or bayoneted to death after they were captured by a leading party from a Japanese detachment, it stated.

ONE SHOT IN THE HEAD
Lashed scattered from Japanese planes had warned that any who did not surrender would be killed. One captured Australian was handed a revolver and one bullet and was ordered to commit suicide, the statement said.

One of the men who escaped shamed death when a Japanese officer went among the fallen bodies to finish off the wounded.

The three survivors, who wandered, bleeding from their wounds and mangled from the horrors they had seen, for several days with their hands bound behind them before they were released.

"How they escaped was unexplained." "Our hands were fastened and we were made up into parties of 10 and one of them.

TAKEN INTO JUNGLE
Each party was made to enter the jungle. My party was stopped after going a short distance.

A Japanese officer drew his sword and ordered his men to fix bayonets. One Australian, after another was detached from the party and sent into the bush with a Japanese soldier armed with a bayonet.

"Soon after, we heard screams and wondered what was happening. "One of our men was shot and shot himself.

"Another of our fellows got loose and dashed into the bush but the officer caught up with him and ran his sword through his back, then shot him.

CURSED JAPS
"After this several men were bayoneted only a few yards from me without being taken into the underground."

"Most of the Australians cursed the Japs and said, 'You cursed us when we came to this place.'"

A 20-year-old Aussie corporal, who said he escaped from Rabaul and lived in the New Britain jungle for two months before reaching Australia, declared that there were many Australians living primitively among the islands, some while awaiting a chance to escape.

R.A.F. Planes
Attack Reich
Second Night

LONDON, April 7.—(CP)—British bombers, raiding Germany for the second successive night, attacked objectives in the Ruhr and the Rhineland last night. It was authoritatively stated today.

But whether, however, held the attack to a smaller scale than that of the night before was more than 300 bombers raided Cologne, near Paris, and Gennevilliers, near Bordeaux.

The text of an authoritative British statement said:

"It is learned in London that last night our bombers attacked objectives in the Ruhr and Rhineland. Owing to very bad weather, the scale of the attack was reduced and results were difficult to observe."

Canadian took part in the previous night's attack, described by the air ministry as one of the most successful operations in recent months. More than 1,000 tons of explosives and countless fire bombs were dropped upon German war plants in the raid which extended from the French coast to the Parisian industrial suburbs and on to the east to the heart of the Rhineland.

The air ministry said five planes are missing after last night's attack.

C.I.O. Is Asking
For Legal Limit
On All Imports

DETROIT, April 7.—(AP)—United Automobile Workers (C.I.O.) executive board proposed today a legal limit of \$5,000 a year on imports of automobiles and individual items in the United States for the year 1942.

The union, in return for which union workers would accept non-negotiable defense bonds in a special overtime pay for more than 40 hours a week.

The U.A.W.-C.I.O. International board presented these proposals in what it termed an "equality of sacrifice" program to a special conference here of delegates from local unions.

Other parts of the program included rigid price fixing on all necessities and limiting war production profits to three per cent on capital investment.

The Pacific ocean liner more than one-third of the earth's surface.

Nazi Attacks
By Parachute
Seen Brewing

LONDON, April 7.—(CP)—Major Richards, military correspondent of the Daily Express, reported today that Lieut. student, who commanded German parachute troops during their assault on the Netherlands and later German Field Marshal Albert Kesselring in the Mediterranean area, Richards showed that a new offensive for an air-borne German army was indicated.

General Kesselring commanded German air forces in the French campaign and in the bombing of Britain in 1940 and 1941. The correspondent said it was known that hundreds of German gliders and transport planes are concentrated on the North African shores and in Sicily.

He said student had visited Sicily, Greece and Crete recently and might be organizing one of these adventures. One possibility, he said, was a two-way air-borne attack from Libya and Crete on the rear of the British 8th Army in Libya.

Another possibility, he said, was a full-scale offensive against the British forces in India.

Another possibility, he said, was an assault on Suez to force a link with the Japanese in the Indian Ocean.

The third was an air-borne assault on Syria and the British island of Cyprus in the eastern Mediterranean to skirt Turkey and reach the Mosul oil fields.

Bicyclist Is Hurt
When Hit By Car

MILTON BRANT, Shady Plain road and 181 street, suffered bruises to the forehead and limbs when he was thrown off his bicycle by a car driven by Norman Calkins, 10242 125 street, Sunday night.

The accident occurred at the intersection of 125 street and 102 street, with both vehicles traveling at a very slow rate of speed.

The front wheel of the bicycle was run over and demolished. Calkins drove Brant home from the hospital after the cyclist was examined by Dr. L. C. Harris.

Paul Casez Hurt
When Hit By Car

Paul Casez, 7461 112 avenue, age 36, received a deep gash above the eye when he was knocked to the pavement at the corner of Jasper and 108 street, by a car driven by Alex Bain of Shout Creek.

The accident occurred at 2:40 p.m. Monday, when Bain approached Jasper from the north and Casez stepped off the curb to cross 108 street.

According to the report given to city police, Casez is alleged to have attempted to cross between a truck that had just entered the intersection and the car driven by Bain. Casez was released from the General hospital after the deep gash was closed.

According to the report given to city police, Casez is alleged to have attempted to cross between a truck that had just entered the intersection and the car driven by Bain. Casez was released from the General hospital after the deep gash was closed.

"By husband's affairs falling asleep at the wheel, so he's trying to get by his insomnia!"

35 Out Of 100
Trainees Join
Active Forces

OTTAWA, April 7.—(CP)—Out of every 100 men drafted up for duty in Canada under the compulsory service law, approximately 35 volunteer for service anywhere in the world with the army, navy or air force, it is shown by figures compiled from records of the army and the navy.

In addition to this, at least one of the men ordered to report for service volunteered, and so enter the service as volunteers from the start.

The figures provide the first positive indication yet made available of the extent to which the National Resources Mobilization Act for serving men to the active forces for service anywhere.
